

## Code of Conduct for Parents/Guardians and Visitors

---

In order to maintain an orderly, respectful and secure educational environment for the students and staff of Killester Raheny Clontarf ETNS, it is essential that all parents and visitors to our buildings be aware of their responsibilities and adhere to the expected code of conduct as set forth in this guide.,

### Parents are expected to:

- Recognise that the education of children is a joint responsibility of the parents and the school community.
- Help their children understand that in a democratic society appropriate rules are required to maintain a safe, orderly environment.
- Know school and classroom rules and help their children understand them. Teach their children about a supportive attitude toward education.
- Build good relationships with teachers, other parents and their children's friends.
- Help their children deal effectively with peer pressure.
- Inform the school Principal and Teacher of changes in the home situation that may affect your child in school.
- Provide a place for study at home and ensure home learning assignments are completed. Familiarise themselves with their child's national curriculum.
- Review the Positive Behaviour Policy with their child
- Respect all children in the school, not just your own, and we would ask that you embrace all children's unique qualities.
- Be mindful of conversations that happen in the school grounds, and language used. Only discuss topics that are appropriate to the playground and school environment.
- Be friendly, welcoming and courteous to all those in the school. Respect should be shown between parents also. If there is a disagreement surrounding the children please discuss this with your child's teacher.
- Teachers are responsible for students during school time only. Parents, please ensure that students are not left in the school grounds unattended before 8.30am and not left in the school grounds after school has ended.
- Appreciate that pupils are excited at the start and end of the school day and ask all parents to be aware of this as they park and drive to our school. In turn we will remind all children about our safe crossing lessons as they leave the grounds.
- Ensure all children in your care, not only students, should maintain respect of the school/garden/playground and behave appropriately as a visitor. Ball games are not permitted in the yard outside of school hours.

- Communicate effectively with teachers/members of staff in a manner that is courteous and non-aggressive, in ALL types of communication including face to face meetings, during phone conversations and through email. It is imperative that all communication be based upon collaboration, trust and respect and that it is in line with our Communications Policy and our Parental Complaints Policy.
- Ensure that all meetings before and after school are kept to a minimum. If a more in depth conversation is required please make an appointment to talk to the teacher at a given time.
- Become actively involved with their child's school events throughout the academic year where possible.
- Ensure that all the above procedures and guidelines apply at all times within the school and when on school activities like school tours and swimming.
